Announcing the Lineup for the Flynn's Window on Main Series, Kicking off April 16 with Live Shows in Chase Studio

BURLINGTON, VT — The Flynn's **the Window on Main** series takes place across two weekends (Friday and Saturday)—**April 16-17 and April 23-24**. Each day features hour-long performances from four artists or groups. Find out more about the series and each of the performers at flynnvt.org/Window-on-Main.

"As we look for new ways to engage artists, the Flynn is excited to experiment with formats other than our traditional stages," said Jay Wahl, executive director. "The goal of the Window on Main is to open up a dialogue between local performers and our community. Artists from multiple disciplines will safely and energetically entertain passersby, spreading joy to the sidewalks in front of the Flynn just as Burlington is taking in the warm spring weather."
